EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Mulgrew and Ken Lowe on 1/15/04.

The application has been amended as follows:

In the specification:

Pg 1, In 6: the phrase --now U.S. Patent No. 6,132,324,-- has been inserted after "November 9, 1998,".

In the claims:

CI 26, In 3: the word "forming" has been changed to
--compression molding--.

, Ins 4-5: the phrase ", wherein forming...inner cover material" has been replaced with --thereby forming a coated golf ball core--.

, In 9: the words --the inner cover layer and-- has been inserted after "placing".

, In 11: the word -- the inner cover layer and-- has been inserted after "placing".

, In 13: the word -- the inner cover layer and-- has been inserted
after "disengaging".

, In 15: the word -- the inner cover layer and -- has been inserted
after "placing".

2. The following is an examiner's statement of reasons for allowance: In view of the 37 CFR 1.131 and 1.132 declarations filed 12/16/03 which have been found to be sufficient to overcome the Sullivan '356 reference, the prior art of record neither teaches nor renders obvious all of the claimed limitations including compression molding an inner cover layer around the golf ball core with a material having a first shore D hardness; and casting an outer cover layer around the inner cover layer and the golf ball core with a thermoset material having a second shore D hardness less than the first.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
